

The Laundry Jet Swift is our mid range wall mounted model with up to 4 available ports. It's unique style, easy view Perspex rectangular viewport and stunning hi gloss finish add a unique and futuristic feel to any laundry room. The Swift can utilize all styles of Laundry Jet Ports (manual or automatic) and has an automated cycle which allows the user to insert clothes, towels, or bedding leaving the Swift to transport and then auto empty in the laundry room, which allows the system to be immediately used again. The Laundry Jet Swift handles up to 4 different port locations and can be installed with a Return Unit option which enables the user to send cleaned and dried clothing back to a chosen bedroom or location in the home. The Swift has a polished and reflective gloss finish and is a high-end ergonomic appliance which adds technology, automation, and value to any home.
